Shenandoah Valley Cruise

By Laurie Kistner

Saturday May 16th was the Shenandoah Valley Corvette Cruise (formerly known as Skyline Drive) - a very popular regional Corvette event. Unfortunately, the gloomy weather forecast scared people off and disintegrated the caravan to Front Royal for the event, however some brave NVCC members made it out there regardless. Our very own Ben "GentleBen" Duling can be seen in the pictures attached to this article. While the morning was quite wet, it eventually cleared up a bit, enough for the 44 in attendance to enjoy a picnic at the Andy Guest State Park. Hopefully Mother Nature will cooperate for the fall cruise event - which may include a civil war re-enactment. Stay tuned for details!

PRESIDENT'S CORNER May 2009

May 2009. Well as the saying goes: "April Showers bring May flowers" but when it rains in May, you get rainouts and rescheduled events. So it goes for the LaGrange Wine Tasting Tour and for Rallye #1 but not to worry, they will be held on alternate dates, check the club website for latest updates.

One event that didn't succumb to the rain was the Mothers Day Rod Run which I understand went well. Another successful event was Shenandoah Valley Corvette Club's (SVCC) Shenandoah Valley Cruise on May 16. Despite the forecast for rain and chance of thunderstorms, Carol and I set off on Saturday morning to test the theory that Corvettes don't melt or rust in the rain. It didn't take long, as we hit showers and fog just west of Manassas and wondered about the wisdom of our decision. Amazingly, just as we reached the exit to get off Rt 66 and head into Front Royal, the weather began to clear and we drove into town under partly cloudy conditions. The staging area was well organized and they had quite a few door prizes to hand out. NVCC was well represented by having a half dozen Corvettes show up. At 10:30 sharp there was a lively departure from the staging area with Front Royal PD clearing two key intersections for the all Corvette caravan to make a quick exit to the south. Five minutes later as the road climbed in elevation it was back into a very thick fog and once again we were questioning why we were here. Well, 15 miles out of town the weather, and the answer, became clear as we drove out of the fog and into one of the nicest late spring days that the Shenandoah Valley has to offer. Mostly sunny, 80 degrees or so and some of the prettiest views that your going to find anywhere in Virginia. The two hour cruise was well laid out and ended at a state park not far from Front Royal where the host club put out one heck of a spread and fed us all very well. All said, it was a great day to cruise in the 'Vette after all.

NVCC has successfully navigated an early season DNF for Membership Chair Pat Somersall who needed to step down due to the demands of his day job. I want to thank Fred Locks for stepping up to the plate to fill this position. I also want to recognize Sherri Essex for volunteering and helping out with the transition period.

The event calendar continues to reflect a busy schedule with Webmaster Laurie having to enter multiple events on some of the upcoming Saturdays and Sundays.

Remember, this year's Concours is on Sunday June 7 and features NCCC sanction points for both the formal indoor show participants and for the less formal outside participants. This format is expected to generate additional interest and more participation than in year's past. Be sure to register early and proudly show off your Corvette(s) at this year's event. We would love to see a strong turnout for this event to show everyone in these tough automotive times our passion for America's Sports Car.

Remember that registration is OPEN for our July 10 Hotter Than Hell - High Speed event at Summit Point Main. We are asking everyone to pre-register by June 10. Check the website for more details.

Check the brake fluid, change the oil, put a little air in the tires, rub on some wax, and hang on for another action packed season with your friends at NVCC.

It's a busy 2009 for NVCC. Come out and join the fun !

Heritage HS Car Show

By Laurie Kistner

Although the original date didn't work out, the rain date for the Heritage High School Auto Club's Annual Car Show on Friday, May 22nd saw sweltering sunshine and a lot of cool cars. A nice group of vettes from our club turned out for the event, as did the Mustang club and several other car marques. This was just a laid-back gathering of cars, with 'best of class' awards in the domestic, import, muscle, truck, and motorcycle categories, and a 'loudest exhaust' competition as well. Many thanks to the Heritage High School Auto Club for their hospitality.

Mother's Day Rod Run

By Laurie Kistner

Above is NVCC member Gary Moller's Corvette

I'm certain mothers throughout the Northern Virginia area rejoiced when the weather turned out to be a nice sunny day for Mother's Day. A group of NVCCers had a small breakfast at IHOP before descending upon the Coast Guard station in Alexandria for the 32nd annual Mother's Day Rod Run on Sunday, May 10th. This show always has a great display of eye candy - Corvettes, Mustangs, Mopars, and Hot Rods of every type and hue. A live band entertained while show-goers enjoyed a barbecue lunch. Many thanks to those who attended or stopped by!

Monticello Cruise

By Laurie Kistner w/pics by Doug Swanson

Tom and Colleen did a stellar job leading the Boar's Head Inn Brunch/Monticello Cruise event and kept us all on track despite the torrential downpour we experienced. The brunch at Boar's Head Inn was wonderful and the folks at Monticello did an amazing job with the newly opened visitor center. As always, Monticello is a tranquil and lovely spot to visit; I highly recommend everyone see it, especially history buffs.

Many thanks to Tom and Colleen for their hard work and coordination of this fine event, I hope they can put something together for us again next year. And thanks to everyone for coming out and supporting the event in spite of adverse weather conditions. Everyone did a good job using the family radios to stay together, too. Great teamwork, folks!

Muscle Car City

By Randy Urick

If you find yourself on the west coast of Florida between Naples and St. Petersburg, it would be well worth the stop to see Muscle Car City in Punta Gorda on Highway 41. Rick Treworgy has amassed over 200 GM muscle cars, that span over 60 years, in an almost 100,000 square foot building.

Nearly one quarter of the collection is Corvettes, and 14 of them are big block '67s. There are lots of other goodies too, like a COPO Camaro, Chevelle Z-16 and LS6, Judges, 442's, and many more. You'll even find a fire truck, one of the first big-block Blazers and even a Miss Budweiser drag boat! A few go back to the 30's and most of them are in stock condition, but there's a few that have been modified. Rick said that he likes to collect cars that anybody could have gone down to the local dealership and picked up. You won't find any cars in the collection where only one or two were made. Rick has a car corral where he's selling a few vehicles, a memorabilia and performance store, and a 50's style diner that serves great American food. (Get to the diner early, by 12:15 there wasn't a seat!)

Rick is always there, so swing by and say "Hi." He's very friendly, and he even invited the club to cruise down. Now that would be one heck of a club event!

Newsletter News ...

Thanks to our members, the Newsletter continues to grow in content and diversity. Last month was the first time I wasn't able to publish everything submitted and I put that material in this month's edition.....which was a little thinner than expected because of all the RAIN and its effects on the schedule of activities.

As Laurie's schedule shows, there are lots of events coming in the near future. If you've never submitted an article for the newsletter before, grab a camera, take a few pics and pen a few words on the next event you attend. It doesn't have to be on the NVCC calendar....any place that vettes show up is of interest.
