

# NORTHERN VIRGINIA CORVETTE CLUB

AUGUST 2019

VOLUME 50—ISSUE 8

## 'GLASS GAZETTE

### 50th Anniversary Trip to the National Corvette Museum, July 20-22, 2019

Take one full-day cruise from Gainesville to Lexington, add spirited driving behind a Kentucky State Patrol Corvette, plus a multi-brick dedication, two behind the scenes tours of the National Corvette Museum, and the author's first-hand observation of the C8 driving around the Corvette Plant in Bowling Green, and what do you get? Probably the most memorable 50th Anniversary celebration of 2019 for the Northern Virginia Corvette Club and its attendees! And all thanks to this event's primary organizer, NVCC's 21st

President and current NCM Ambassador, Dick "Ham" Hammaker.

Twelve corvettes and their drivers/passengers lined up behind me in Joanna's 2014 "JST HAD 2" Callaway in Gainesville and were treated to roads epitomizing Virginia's Piedmont on Saturday, July 20 towards Waynesboro. I-81 was endured for a short distance and then it was on to the twists, turns and ups and downs of I-64 and I-77 through Virginia and West Virginia, for a needed rest and lunch break at the Beckley, West Virginia Travel Center. Dinner was had at the 2014's caravan to the Museum, Cracker Barrel in Morehead, Kentucky, and then on into our hotel in eastern Lexington, Kentucky. The cruise went without a hitch and the cruisers did a good job of staying together - thank you all!

The next morning, Sunday July 21, twelve corvettes became sixteen when we picked up fellow club mates who had come early for their own Kentucky touring. Nearly 35 of us crowded the GuestHouse Inn lobby where we met Kentucky One Lap's Master Trooper Jonathan Biven the driver of the KSP's only Corvette C6 cruiser. Jonathan wore his street clothes as he was escorting our group on his own time to honor the Trooper Island Camp for disadvantages kids. More than \$1,000 was donated by our club members to Trooper Island: Dick Hammaker and I thank each one of you for this generous gift. Jonathan led us on nothing but KY two-lane back roads, blocking intersections then moving carefully but quickly to retake the lead, first to Maker's Mark Distillery and then on to the Museum. For most it was a spirited drive through gorgeous countryside but the select few who chose to take up the rear, including your author and Joanna Hicks, it was the ride of a lifetime!!

SIGHTINGS

Many thanks to the Club's Officer at Large and Maker's Mark Ambassador Jerry Lelansky, for securing tickets for all of us to witness the start and finish of production of one of Kentucky's oldest and most famous bourbon distilleries, Maker's Mark. Yes, starting with the grains and at least 51% corn (to be considered bourbon whiskey) to yellow-capped, bubbling fermenting vats where we felt the heat of yeast vigorously consuming all those sugars, to the clear 100 proof liquid that would end up in the variously charred barrels that give Maker's Mark its unique flavors. And Yes, to the finished product: six types of bourbon in the tasting room and a chance to "dip our own bottles" in the famous red wax that signifies a Maker's Mark bottle. Lunch was available from the onsite restaurant, where delicious sandwiches and soups joined the warmth of the bourbon tasting in our tummies.

We were greeted with a little rain upon leaving Maker's Mark but soon got out of it for more spirited driving through the rolling hills, horse farms, and cropland to arrive at the Museum in the early afternoon. We got to meet long time Museum director, Wendell Strode, who was retiring this year and met his replacement Dr. Sean Preston (the following day). We were on our own for the rest of the afternoon until a club dinner at Chuy's Restaurant across from our Hampton Inn. Many took the self-guided tour that ended up in the sinkhole-restored dome and then on into the Museum store, where many stocked up on shirts, books, handkerchiefs, and the like. Ham had set up reservations for the back room at Chuy's where club members enjoyed rehearsing their favorite moments over crispy corn chips and salsa from the first two days of this awesome adventure.

Monday, July 22, the club members met at the Museum for a full day of "Corvette Absorption" and history. The day started with the unveiling and dedication of the largest brick paver available, bought and designed by Dick Hammaker as a gift to NVCC, which had been surrounded on all sides by the regular-sized brick pavers donated by many club members. Joining us at the Museum for this event was Russell Banks and his wife, an original founding member of NVCC, now living in Florida. Also, Bo and Ann Marlin joined us for the activities at the Museum. Another big THANK YOU to Dick Hammaker for reminding Museum attendees that NVCC was a founder of the NCM 25 years ago.

It followed with two behind the scenes tours, first to the restoration area where we saw one of the Astronaut's C3s and countless other exhibits in a circular wing not viewable by the normal museum attendee. The tour continued through a very thorough, interactive history of 2014's sinkhole and exactly where all those poor corvettes landed in a three-dimensional lucite model. Lines were drawn on the dome floor to show the sinkhole outline and the cave outline; even a manway portal was preserved to show the depth of the hole to those that missed seeing it in 2014. The second tour took us into the archives, where huge sliding stacks of photographs, manuals, and even plastic model sets were stored, leaving several tears in eyes for the "older boys" in the group who never could get their parents to buy them that model.

Rain that day had dampened some spirits as the planned "lead-follow" event for all attendees had to be canceled as well as the karting over across the highway at NCM's Motorsports Park. As most waited for a catered lunch of turkey and roast beef wraps in the NCM boardroom, your author and Joanna slipped out and went "prowling" for a C8 around the Corvette Plant, as word had spread many C8's were known to be driving around the area. While we were late for lunch, it was for good reason: our hunt had paid off and we caught a Sebring Orange C8 with his hazard lights on, circling the back of the plant loop road. Still photos and one video were captured by these two very excited corvette owners of NVCC. We attempted to stop him after four miles of stalking, but broke off the chase to tell our friends at lunch!

**PRECISION NEVER RESTS**

Dick Hammaker salvaged the day by coordinating with the NCM photographer to shoot our pictures next to a mural of past corvettes. Driving up under a covered area allowed us to squeegee and wipe down our cars to capture our memory of this famous event. As others revisited the store and other parts of the Museum, Michael Moore, Paul Cestone, his friend Richard Aigen, Joanna and I ventured over to the NCM Motorsports Park to beg and plead to drive on the track. The track master didn't want to see grown adults cry, so two lead Camaros obliged us our for what turned out to be five laps of the full course, as the rain had stopped just long enough to incubate at least four more track rats! (Your author had been incubated seven years prior).

The official NCM 50th Anniversary tour ended with another group dinner at Rooster's next door to the Hampton Inn, where fried chicken and pizza dishes dominated the tables and the day's events were rehearsed. There was no official "cruise home" as folks had made plans for more adventures elsewhere. George Durk, Jim Dobish and Randy Taylor set off Tuesday to explore the twists of Virginia's Back of the Dragon, North Carolina's Tail of the Dragon and Rattler, for potential future NVCC cruises. Dick Hammaker, Mike Gilliland, Joanna and I did the "historic tour" of Mammoth Cave (Denise wisely stayed at the hotel to relax) and followed that up with some laps around the Kart track. Others went on to tour distilleries, visit friends or headed straight home. For all that attended, the memories made on this trip will be held for many years or decades ahead. I think I share the same sentiment for everyone when I say I am grateful that this "plastic fantastic" car could bring together such a great group of people to supremely enjoy our NVCC in its 50th year.

## THE PRESIDENT'S CORNER—AUGUST 2019

Now that we've all seen the 2020 Corvette reveal, the question is have you been on the configurator to design your dream C8? No, I won't be buying one for a while. But it sure is beautiful. Our Fiftieth year is rocketing along and the new C8 just kicks up the excitement. Give me a minute or two to talk about all that we've done together since the July Newsletter.

First of all, thanks to all who helped with the 2019 NVCC Picnic! Thanks to Kris McCandless who led the annual cruise to Ganotown. The setup staff put out 49 seats across 7 tables. We filled every seat for lunch and good conversation. We can't thank Richard and Cheryl enough for their hospitality and support they give our Club each year at this event. Thank you Richard and Cheryl again for letting us come out and enjoy your farm for the day. Your friendship and all you do is truly appreciated. Again, this year, members kicked in supporting grilling and cleanup. You gentlemen and ladies are the best!

Dick Hammaker and Jerry Lelansky worked miracles putting the trip to the Museum and Makers Mark together. Wow, what a great trip! We got a Kentucky State Trooper escort to the Makers Mark distillery and the National Corvette Museum, as well as VIP tour at both. The trip could not be beat! At Makers Mark we went straight to the front of the line and got an awesome tour. The behind the scenes look at the Museum was the best! We received special greetings from the Museum director and his replacement. Kudos to Mr. Hammaker guaranteed our terrific reception. Thanks to the generosity of the participants on this run, the NVCC provided over \$1,000 to the Kentucky Trooper Island Camp for at risk youth.

Which brings up our delivery of over \$6,200 collected for the MS Society on July 30<sup>th</sup> at Page Chevrolet. In attendance for the presentation were right to left:

NVCC Car Show Chair, George Durk,  
 VP, John Scott,  
 Yours truly,  
 MS Society, Chartese Barry,  
 NCM Ambassador,  
 Dick & Denise Hammaker,  
 Treasurer Omar Gordon,  
 Irene Lelansky,  
 past Secretary Vicki Scott,  
 Officer at Large, Jerry Lelansky and  
 Sales Consultant, Tony Williams.

Thanks again to all of the workers who made this generous gift to the primary NVCC Charity possible and a special call out to Page for their \$5000 contribution and Car Show support. Without Page and our members we could not make this happen.

And what a party at the Starks! We must not forget (how could we) the 1969 Party, which was a huge success. Thank you to Lynn and John Stark for a roaring good time. What can I say, the music, the food, the libations, the party games, the outfits and (most of all) the good friends. Many of us came dressed for Woodstock. If you missed this one, you missed a really good time!

This brings us to our resident Merry Maker and Baucus extraordinaire Shawn Waddell's annual trip to the Barrel Oak Winery. Shawn always brings us a great cruise followed by a free wine tasting. Thanks to the members who joined this event for bringing the food pairings for a relaxed afternoon at the winery. Thank you Shawn for all you do to make these events fun for all who attend.

I look forward to seeing all of you who are coming to Carlisle this year. This should be fun. For those who haven't heard, there will be at least two 2020 Vettes there along with the factory engineers to answer your questions. Thanks to all who will man the tent and are staying over with us in Carlisle.

Remember in September to join Dick Hammaker and Kris McCandless for the Fall Rallye. We will be looking for you. And in October we hope to see you on the Boardwalk at Ocean City.

Well that's about all I have to say for this month. Thank you all again for all you do and all you are doing to make our 50<sup>th</sup> year a success. Here's wishing you your dream C8 in 2020 (can't wait to see that first member C8 pulling into Page for the GBM)! And yes, I have configured a C8 that I would love to drive (it's white with black accents and wheels, looks like a Star Wars prop; now all I need is a wookiee).

*Getting up early to drive your Vette always makes us smile. Meeting new people and old friends is always on the menu. The drive in is especially fun with the bunch from NVCC. Someone who will remain nameless rides spiritedly and always has a smile on his face. Not sure who I'm talking about. VIP parking and the awesome free tasting is much appreciated by NVCC.*

**JULY 23, 2019 MINI-GBM**

**Hosted by John Stark**

The July GBM was a little unusual. With our good size and activity level, the club usually sees 20-30 members at the monthly meeting. However, this time there were more than that enjoying themselves at on the NCM pilgrimage. Those of us who couldn't, or chose not to, attend that trip were left to fill in the gap. And an unusual gap it was. For possibly the first time in club history, certainly in recent years, all five officers were absent. But this club refuses to be silenced. The meeting was going forward, regardless!

Although he has never been President or Vice President, and his current club capacity is limited to "member in good standing", John Stark volunteered to sit up front and chair the meeting (with a little encouragement from Prez Mike). Thanks also to Jeff Klain for bringing the microphone and providing some good C8 trivia questions, to Cassidy Nolen for capturing the official meeting minutes and for entertaining us with his new non-Corvette, and to the other five hearty souls for coming out to share some Corvette comradery. I hope we didn't scare off the two prospective members present – stick with us a while longer and enjoy the fun!

## A GREAT TIME TO BREAK DOWN

### By: Tab Tabellario

Is that not an oxymoron?

Several members have asked me to elaborate on the message I recently sent out concerning my cars breakdown, the solution and the cost to repair. Hopefully it helps anyone who may have the same problem.

Recently at the '60's party hosted by Lynne and John Stark, my ride decided it was time for its initial break down.

Exactly how could there be a good time for a break down you ask?

Let me explain.

John met us near his home and led a spirited cruise through several miles of winding, poorly marked, one lane 'corvette type' roads. A break down at any point during this cruise could have been a disaster. Intuitive as these cars are, the instrument panel must have sensed the blood pressure of the occupants and lasted just long enough to get us out of harm's way.

The party went on as planned and as we prepared to leave, we moved from the grass parking area to the driveway and no further.

The car would not shift into any gear including Park which proved to be a good thing since it couldn't start. Had it started we more than likely would have broken down on a one lane road or on Rte. 95 N.

The cause of the problem was a cable malfunction between the gearbox (automatic) and the shifter. Apparently, this is not an unusual problem with the first model year (2005) of the C6's.

The fix was to replace the cable (\$100), add the labor cost (\$400), the towing cost (\$0), thank you AAA!, technical suggestions from NVCC members, invaluable, less the 20 % discount from Page for NVCC membership.

Exactly how is this a lucky break(down) you ask?

Consider this;

The break down occurs on a straight, well-lit, 250 foot manicured driveway, with 20 techies to diagnose the problem, oldies music playing in the background, plenty of food and drink and good friends!

Is that not lucky?

I need to remember this incident the next time this car decides to "rest a bit" along the way.

# NATIONAL CORVETTE MUSEUM

## By: NCM Ambassador Dick Hammaker

I'm still tired from July events and NVCC's visit to the National Corvette Museum (NCM). What a great time, especially Sunday on back roads with Master Trooper Jonathan Biven....still can't get the smile off my face. Oh, by the way, I estimated the NVCC Caravan donated over \$1,000.00 to KSP Trooper Island! Jonathan was blown away with our generous donation.

Many thanks to Bob Devery for working the hotel arrangements, to Kris McCandless for planning the caravan route and leading (herding cats), to Mike Gilliland for blocking so we could change lanes and stay together, and to Maker's Mark Most Excellent Ambassador Jerry Lelansky for arranging the distillery tour.

Kris McCandless is providing the full details of the trip.

Other than that, not a lot to report...NCM is crazy busy getting ready for the 25th Anniversary activities. Hope to have more to report on in September.

Save the Wave!

# Summer of '69 Cruise & Party

*Hosted by John and Lynn Stark*

Continuing the 50<sup>th</sup> anniversary celebration, 33 members and guests went back in time at the Starks' house for the Summer of '69 cruise and party. The event began in the late afternoon with a cruise beginning in Prince William County off of US-234. John led 11 Vettes down some great, winding roads in the lesser seen parts of Prince William

and Stafford counties, including John's favorite, Ramoth Church Road. The one hour cruise terminated at the Stark residence in southern Stafford County, where Lynn had an array of appetizers ready for the crowd and the deck was set with tables (and chairs from Page) for the coming festivities.

After disembarking and settling in, a cornhole challenge was underway between Kris McCandless and Joanna Hicks taking on challengers Dick Hammaker and Matt Fromm. Dinner consisted of pulled pork barbecue and summer favorites. Besides brownies, cobbler and ice cream that was planned for dessert, Karen Shoemaker brought in a cake to celebrate hubby Bob's birthday.

After dinner several people took advantage of the “photo booth”, and several contests were underway. The requisite trivia quiz was expanded beyond the strictly Corvette subject matter to include questions on Apollo 11 and 1969 music and general pop culture. The several questions were largely handled by Jeff Klain and George Durk. Quite a few participants brought photos of themselves in 1969 for anonymous display. All identities were correctly guessed by Irene Lelansky and Kris McCandless. George got accolades for longest hair! Many of the participants came adorned in 1969-themed clothing that provided an impressive visual reconnection to history. The award for best costume went to Irene Lelansky. A highlight for me was hearing Tab Tabellario’s stories from the Woodstock festival. He seemed to remember it pretty well...was he really there? And the music and reminiscing carried on late into the night.

## VIENNA HALLOWEEN PARADE 2019

**Wednesday October 23, 2019 at 5 PM**

Summer is almost over, and fall is just around the corner. What better way to get ready than to plan some fall fun! Northern Virginia Corvette Club will be participating again in the Vienna Halloween Parade. It is a fun event and we usually get a great showing. For many years now, we have participated as a club, and have placed ribbons almost every year since at least 2009 (since I have been running it).

**Car Decorations and Costumes are not required,  
BUT STRONGLY ENCOURAGED!!**

There is a 20-car cap, so make sure to RSVP - first come, first served!

**We are meeting to line up between 5-5:30 PM**

(After 5:30-6 PM the roads close and are hard to get into the parking lot, so I urge everyone to come early). Our line-up # is TBD, but we typically are put in the **Danor Plaza Shopping Center** (off Maple Ave./Branch Rd) in front of **Fresh Market** (at the end of the shopping center).

Please make sure to **RSVP** with a good contact phone # in case anything changes the day of. When you arrive, you will sign the club waiver sheet and check-in with me (Lori Benish).

We will have dinner, if you want to join the group, at **Elevation Burger**, which is in the same shopping center, right around the corner from our cars. We will head over to Elevation Burger around 6 PM-ish. So, if you arrive after that, find us there to check and sign in. It does get busy, since it is limited options with the parade closing the roads down, so don't wait to order your food until last minute! The parade begins at 7 PM, but typically we do not roll out until after 7:30, plenty of time to get a bite to eat after decorating our cars.

Remember **NO BURNOUTS!** We are here to have fun, but also represent the club and make a safe environment for all the little kids that will be watching our super cool cars! Also, no throwing candy from the cars. Candy is allowed only if someone is walking along and hands out the candy, due to safety concerns for pedestrians.

**DETAILS: BE AT DANOR PLAZA SHOPPING CENTER AT 5-5:30 PM**

**Danor Plaza:** 142 Branch Rd Southeast Vienna VA 22180 (In front of Fresh Market)

**DINNER WILL BE AT ELEVATION BURGER from 5:30-6:30 PM**

**Elevation Burger:** 142 Branch Rd Southeast Vienna VA 22180 **ph:** 703-865-7277
