POLICE APPRECIATION DAY

Hosted by: Bob Devery

This year, we made the visit to the Fairfax County police at the Fair Oaks district station. Thankfully, the weather was no issue. We started the day at California Pizza Kitchen not far from the station. I was extremely happy that we ended up with 15 cars and 20 people. My contact at the station, Master Police Officer (MPO) Rich Genus, a 20+ year veteran, had wide open parking lot set up for us right next to the station. Another officer,

Beth, got a table set in the lot for the food that we brought from CPK for the officers. We were able to get the cars set up very nicely so that the officers at the station would be able to come out and check out our cars. Nice not to worry about flashing blue lights!!

Our host, MPO Rich Genus, and my "thanks" to my NYPD cousin

Our arrival time gave us the opportunity to meet some of the officers getting off the day shift while the evening shift was going through their roll call briefing. One item that is extremely noticeable these days is the amount of protective gear that the officers have to wear on a shift. The protective vest, radios, ammo clips, hand cuffs and other items end up being a total of roughly 20 pounds! Beth mentioned that during the warm weather, there are times where officers simply take a cup of water and pour it down the top of their uniform to cool off the heat from the vests. Along with all of the computer gear and more that is in the patrol car, just getting in and out of their vehicles can be a challenge. I offered a seat in my Corvette to a couple of the officers who chuckled and politely passed because of all the gear. Eventually, we were able to have officers from the day and evening shifts get out to look at our cars and engage in conversation. If you didn't know it, most of the officers are "car guys". They are very knowledgeable about what we drive as well as most other cars on the road. Many of them have had or currently own a high performance vehicle. One officer, in particular, wanted more info as she has been looking at the Grand Sport as well as Camaros. Of course, we tried to convince her ... GRAND SPORT! But, as we've seen, the prices on cars like mine have gone UP not down!! I've encouraged her to come to a meeting to talk with members about ideas as well as talk with the dealership. One FYI item ... It's interesting to note that many of the officers are not concerned about seeing our Corvettes being driven in an unsafe manner. They say that they realize that we as a group are not looked at as "street racers". The officers realize that we are aware that we drive either high performance or classic ... or both ... vehicles. We are not in the mindset to push the limits—except at the track! OK, and occasionally on a deserted road! But, only up to the posted speed limit (legalese provided for the protection of the club!).

In addition to some of the squad cars that pulled up after the day shift, Rich was able to bring one of the transport vans that they have. If you find yourself in the back of that one, you're not having a good day! As for the squad cars, it's amazing the amount of communication gear that they have in them. The officers on the ground have the ability to communicate with the helicopter squadron team in order to facilitate their actions to get to a location as rapidly as possible. As has been stated by officers AND smart members like Mr. Hammaker ... "You can't outrun Motorola"! A voice transmission from one officer to another will beat any of our cars.

As always, it was great to see the officers and say THANK YOU for what they do. I have no idea why they want to stay on the job these days but I'm grateful that they do. The extreme majority of people get what they do and respect them but what we get told from officers on how they cannot enforce laws, etc., which makes it tough on protecting not only the community but themselves. A cousin of mine is NYPD. My Uncle/Godfather was NYPD. I can't share some stories in this format but I know that my cousin's life is truly in danger every day that he puts on his uniform but, sadly, in ways that my Uncle never imagined or thought would be possible. The men and women of Fairfax County Police are true professionals ... people of varied ages; religions; colors and political persuasion. They have a job which like the military, can cause them to pay the ultimate price for serving their community. It was nice to have conversation and laughs with them and to give them a break from the other parts of their day. THANKS to all of you who took time to participate ... the officers were truly grateful for the support.

The Black Hills Corvette Classic – Round Two

By John Scott

July 2021 marked the 50th Anniversary of the Black Hills Corvette Classic (BHCC), an annual gathering of Corvettes from across the United States. The Sioux Falls (South Dakota) Corvette Club (SFCC) sponsors the event in one of the most scenic and historic regions of the United States. Vicki and I had attended the event in 2017, and the opportunity to participate in the 50th anniversary was just too good to pass up.

The BHCC itself ran from July 13-17, but as in 2017, we took a relatively leisurely time making our way to South Dakota. Leaving Friday, July 9, our four day outbound itinerary gave us the opportunity to stop for a few hours at the National Museum of the United States Air Force in Dayton, Ohio (July 10); and at my alma mater, the University of Iowa, in Iowa City (July 11). The Air Force Museum is a personal favorite for Vicki and me; we've visited museum four times now, and we still are nowhere near tired of seeing the exhibits. If you've already been there, you know what I mean; if you haven't, you should make time for a visit.

In Iowa City, we walked around the campus, and dropped by one of my old watering holes for a college-like lunch – burgers and beer. A lot has changed in Iowa City in the past 50 years, but some things have remained remarkably unchanged, including generous helpings of Iowa nice.

The BHCC event starts in Sioux Falls, the home base of the sponsoring club, on the eastern end of the state. We got to Sioux Falls the afternoon of July 12, and – after a relaxing evening at our hotel – headed south the morning of July 13 to Jerry's Chevrolet and Corvettes in Beresford, South Dakota (dealer sponsor of the host SFCC) for the initial meet and greet event to kick off the Classic. We pulled in to Jerry's a little after 10:00 a.m., and were parked in the front row of what ultimately became 20 plus rows of some 600 Corvettes covering an area of more

than a city block. We went into the dealership, picked up our registration packet (which was chock full of information on the activities for the next few days), and headed out to listen to DJ-provided music, Corvette-related presentations, have a catered BBQ lunch, check out the cars, and get to know some of our fellow Corvette owners. It seemed

to Vicki and me that there were a lot more Corvettes at the welcoming event than there

had been four years before. As we talked to some of the sponsoring club's members that impression was confirmed; registrations and participation were substantially greater than they had expected. Around mid-afternoon we headed back to Sioux Falls to get ready for the next day's Corvette caravan across to the Black Hills on the western end of the state.

Wednesday, July 14 dawned rainy and ugly. Many participants, including Vicki and I, decided to forego the caravan, and make our way west separately. We managed a little sightseeing along the way, stopping in Mitchell to tour the “World’s Only Corn Palace”, a large event venue whose exterior is decorated entirely in multi-colored ears of corn; and on the outskirts of Chamberlain to see the Statue of Dignity, a 50-foot-tall statue of an Indian woman overlooking the Missouri river. After lunch at Al’s Oasis, just across the Missouri, we continued our journey west. The weather had cleared by lunchtime, and we were able to take full advantage of the 80 mile-per-hour Interstate speed limit in South Dakota. Many BHCC participants, including Vicki and I, took an

hour or so on the final leg of the journey to stop at what may be the most advertised tourist stop in the United States – Wall Drug, in Wall, South Dakota. If you’ve never heard of Wall Drug, google it. There is literally something for everyone.

Pulling into Spearfish, home base for BHCC festivities about 5:00 p.m., we checked into our hotel, and got ready for the social mixer and kick off party at the Spearfish Holiday Inn Convention Center. First order of business for many (including yours truly) was to wash the rain and road grime off the cars. As they had done four years earlier, the SFCC had arranged with several of the local hotels to have washing stations with towels available. Drinks and a buffet dinner at the mixer and kickoff party were a great way to get to know more participants. Talking with members of the host SFCC, we learned that even more participants had shown up unexpectedly in Spearfish, making a total of more than 700 Corvettes.

Thursday morning (July 15) Vicki and I headed to downtown Spearfish for a little sightseeing and souvenir hunting. Spearfish is a picturesque small town, nestled in the northern end of the Black Hills, perfect for a few quiet hours of shopping and antiquing, and just enough off the beaten track to avoid the Black Hills tourist hoards. Shortly after lunch, we had our souvenir event photo taken, and lined up with roughly 70 other Corvettes for an afternoon run through Spearfish Canyon. Spearfish Canyon is rated as one of the ten best scenic drives in the U.S., and it is a great Corvette road. In 2017 the Spearfish Canyon drive took place early in the morning, with the rising sun just kissing the peaks on the west side of the Canyon. The mid-day drive through the deep cut canyon this year was a different, but no less awesome, experience. From Spearfish Canyon, we headed east to Lead and Deadwood for some more tourism. We drove up to Mt. Moriah Cemetery, the final resting place of old west luminaries Wild Bill Hickock and Calamity Jane. Then it was on to downtown Deadwood to join the tourist throngs.

Vicki and I headed to the southern Black Hills on Friday (July 16) to spend a little tourist time in Hill City and drive two iconic roads in the area. We headed south on Needles Highway, an amazing course on a narrow winding road through fantastic rock formations, to and through Custer State Park. It's a great road, but navigating it with oncoming SUVs, RVs and even buses is a bit of a challenge. We then headed north on Iron Mountain Road, with numerous switchbacks, over/under pigtail turns, and three tunnels that frame Mount Rushmore perfectly in the distance. Arriving back at our hotel, we freshened up and headed over to the Holiday Inn Convention Center to line up for the convoy into downtown Spearfish for Vette Street USA. The convoy into town was a mob scene, with Corvettes stretching more than a mile on the two lane road leading downtown. SFCC members worked for more than an hour to get everyone parked on Main Street. Main Street parking was limited to registered participants only, so the SFCC staff had their work cut out for them separating registered event goers from last minute participants.

The BHCC event wrapped up Saturday morning (July 17), with a breakfast awards banquet. A highlight of the banquet was a raffle to give away diamond necklaces donated by one of the event sponsors to 50 lucky winners. If there had been a "close but no cigar" award in the raffle, Vicki would have won it. Her raffle ticket number was 9464; two of the winning numbers were 9463 and 9465. You couldn't make this stuff up.

We began our journey back East on Sunday, July 17, but not before heading back to Wall for some last minute souvenir hunting and a trip through the Badlands. From there, it was on to visit family in Iowa for a few days before heading back to Williamsburg. There were lots of memorable moments on the trip, but the high point for me was seeing the look of pure joy on my 16 year old grand-nephew's face when I took him for a ride in the Z06, and let him drive it back to his uncle's house. Bragging rights for sure with his high school buddies, and he's got the pictures to prove it!

Some take-aways:

The SFCC does a great job with the Black Hills event, but even they were surprised by the turnout. The combination of the 50th anniversary and a chance for people to finally try and put pandemic isolation in the mirror made for a huge crowd.

There were many more tourists (not just Corvette people) in the Black Hills this year than Vicki and I remember from 2017. The event took place just as the Delta variant was really getting going, so things might have been more subdued if the Classic had been a month later with the Delta threat clearer.

Or maybe not. The annual motorcycle rally in Sturgis, South Dakota (about 20 miles east of Spearfish) kicked off on August 6 with some 700,000 attending. You read that right, nearly ¾ of a million people in a town with a population of just under 7,000.

The Infrastructure Bill can't become law too fast. The Interstates in South Dakota and Iowa are in pretty good shape; the state of disrepair in other states ranges from disappointing to appalling. Decades of neglected maintenance are all too apparent.

The above notwithstanding, the Sioux Falls Corvette Club's Black Hills Corvette Classic is a great event. The 51st edition is scheduled for July 13-16, 2022. If you've never been to the Black Hills, or even if you have, Vicki and I heartily recommend it.

VIENNA HALLOWEEN PARADE 2021

Wednesday October 27, 2021 at 5 PM

Summer is almost over, and fall is just around the corner. What better way to get ready than to plan some fall fun! Northern Virginia Corvette Club will be participating again in the Vienna Halloween Parade. It is a fun event and we usually get a great showing. For many years now, we have participated as a club, and have placed ribbons almost every year since at least 2009 (since I have been running it).

**Car Decorations and Costumes are not required,
BUT STRONGLY ENCOURAGED!!**

There is a 20-car cap, so make sure to RSVP - first come, first served!

We are meeting to line up between 5-5:30 PM

(After 5:30-6 PM the roads close and are hard to get into the parking lot, so I urge everyone to come early). Our line-up # is TBD, but we typically are put in the **Danor Plaza Shopping Center** (off Maple Ave./Branch Rd) in front of **Fresh Market** (at the end of the shopping center).

Please make sure to **RSVP** with a good contact phone # in case anything changes the day of. When you arrive, you will sign the club waiver sheet and check-in with me (Lori Benish).

We will have dinner, if you want to join the group, at **Elevation Burger**, which is in the same shopping center, right around the corner from our cars. We will head over to Elevation Burger around 6 PM-ish. So, if you arrive after that, find us there to check and sign in. It does get busy, since it is limited options with the parade closing the roads down, so don't wait to order your food until last minute! The parade begins at 7 PM, but typically we do not roll out until after 7:30, plenty of time to get a bite to eat after decorating our cars.

Remember **NO BURNOUTS!** We are here to have fun, but also represent the club and make a safe environment for all the little kids that will be watching our super cool cars! Also, no throwing candy from the cars. Candy is allowed only if someone is walking along and hands out the candy, due to safety concerns for pedestrians.

DETAILS: BE AT DANOR PLAZA SHOPPING CENTER AT 5-5:30 PM

Danor Plaza: 142 Branch Rd Southeast Vienna VA 22180 (In front of Fresh Market)

DINNER WILL BE AT ELEVATION BURGER from 5:30-6:30 PM

Elevation Burger: 142 Branch Rd Southeast Vienna VA 22180 ph: 703-865-7277

Hope to see many of you there! RSVP for this event to:

ACTIONS DO GET RECOGNIZED

By: Bob Devery

Last year, our Police Appreciation Day was at the Franconia station. My contact appreciated our visit and asked if we might be willing to help with one of their community outreach efforts in the future. With my “YES” in hand, he made a request in April for us to help out with an event that they sponsor. The police do a project with Lorton Community Action Committee (LCAC) to buy shoes for kids in financial need. Our roll was to provide “eye candy” to draw people into the outdoor event.

As a result of the combined effort, LCAC and FCPD were able to buy shoes, etc., for 26 kids. LCAC was nice enough to recognize our volunteer part in their recent newsletter which Candace saw. Thanks again to those who showed up at Yates Car Wash. We can make a difference while enjoying our toys!

Client Services Updates

Thank you to our friends at the [Fairfax County Police Department](#) for participating in our Shop with a Cop initiative!

Last week, we were able to take 26 randomly selected kids & purchase them new shoes for the upcoming school year. Thank you [Yates Kingstowne Car Wash & Convenience](#) & [Northern Virginia Corvette Club](#) for helping to make this possible.

THE PRESIDENT'S CORNER—AUGUST 2021

Corvette Magazine often has beautiful classic Corvettes that have been lovingly maintained and restored. The October issue offers up a 1969 with a 427 that meets the criteria. The story of that '69 427 reminded me of my older brother's yellow '69. At the time, that was the fastest car I had ever driven and damn it did look good. I hope that all of you are enjoying your beautiful Vettes during this summer. Nothing beats the heat like a drive in a cool Corvette.

Let me give thanks to Bob Devery who again sponsored a police appreciation event in August. This is a great way to let our Northern Virginia officers know that their community cares. I also hear that it is a great way to get to see some of the gear our police use to carry out their mission for us.

Yas and Doreen Kinashi ran another successful Corvettes and Tacos car show at Cascades Plaza in Sterling in July. This has collected hundreds of dollars for MS this year. I know that the MS Society will appreciate the support that our members bring to this event. Thanks to everyone that participates and makes this event a success.

While it was not technically a club event, I do want to thank all of our members who participated in Vicki Scott's 70th birthday party. Let me give special thanks to Candace (my girlfriend) who did much of the organizing for the party. Candace arranged a room with a bar exclusively for the group. As usual, at a Vicki party there was plenty of music and dancing, a good time was had by all.

Vicki's Birthday Party

We will have an NVCC Club tent in area 'P' at Corvettes at Carlisle this year. If you enter the fairgrounds at Gate 3, just stay on the entrance road and follow the curve under the hill; turn left after the Solid Axle Corvette Club; you will find the NVCC tent and parking on your right. This should be a fun year. I look forward to seeing you there. If you have never attended this event I would urge you to join us. As always, help with setup on the 26th and manning during the event will be thoroughly appreciated.

Your Vice President, Shawn Waddell, will lead us back to Barboursville Vineyards on October 10th. Shawn will provide a cruise to Barboursville where our club members will have the opportunity to taste some excellent wines. This winery is widely considered the best in the state. For those who are attending, I look forward to seeing you there.

Have you registered yet for Free State Corvette Club's Corvette Weekend (Ocean City)? This is a great event with an opportunity to gather with a couple of thousand Corvette owners and hang out on the Boardwalk. We (NVCC) will be close to the front of the parade again this year. My thanks again to Jane Stieber who set us up with a hotel just a walk from the awards banquet.

There will be an annual Corvettes & Crabs Rallye this year on October 24th of October. We are not yet sure if it will have a poker rallye component. Kris McCandless and I have mapped out a nice route through some familiar territory for those of you ready to join us. It will be a lot of fun.

There will be a Club presence at the Vienna Halloween Parade this year thanks to Paul Benish and his lovely wife, Lori. This event is really fun. Dress up, dress up your car and join us.

Our Membership Director, George Durk, will lead us once again to the Bavarian Inn in November. The cruise is always fun and the food is wonderful. This is one event not to miss with the fall colors and the classic ambiance of the resort.

That's it for August. Yes, it's hot out there, but we can all feel cool in America's greatest sports car. So get out there and enjoy your friends in the NVCC. Please forgive me if I've left anything out. As always, you make the NVCC a joy to be a part of.

Stay Safe and Get Vaccinated!

Friends:

As many of you know, Chip Miller was not only my father, but my best friend. He loved spending time with my mom, sisters and my family. We lost an avid, passionate Corvette enthusiast and incredible friend when Amyloidosis took him from us, way too early, in 2004.

In 2009, we were fortunate to begin the tradition known as, Corvettes for Chip. We have had the tremendous support of the York County Corvette Club, Corvette friends and enthusiasts and the Corvettes for Chip tradition has continued annually since its start. Traditionally held in early fall it has become a great way to remember my father and support his passion for Corvettes, while raising thousands of dollars towards Amyloidosis research and awareness. Since inception, it has been held as a stand-alone event. 2021 is about to change that!

This summer Corvettes for Chip becomes a two-day celebration as it joins forces with the Carlisle GM Nationals. I personally invite you to spend not one, but two days with us by participating in both shows at the same time!

Combining the two events offers our supporters the best of TWO shows! Guests can participate in raffles, Chinese auctions, 50/50 tickets and TWO ways to win a Corvette! Take a chance on winning #33 of only 60, 60th Anniversary Limited Edition Cunningham C8 Corvette or a 2021 Corvette Coupe 2LT. In addition, Registered vehicles are eligible for Corvettes for Chip Celebrity Judging as well as GM Nationals Participant judging awards.

Corvettes for Chip participants will be parked in their own reserved area in the center of all that the GM Nationals has to offer. This year, celebrate 100 years of history, together in one place. You can meet TV host and builder Mike Finnegan, see displays featuring TV, movie and comic themed cars, a 50th celebration of the Vega and H-Platform, a GM Swaps display, Solid Lifter Showroom, competitions and more.

There is nothing better than coming together for the love of Corvettes except coming together twice!! Corvettes at Carlisle is shaping up to be a great event later this summer (August 26-28). We are excited to return to downtown Carlisle for the annual Corvette parade and street party, come together for our CMAF Benefit Dinner on August 27th at the Carlisle Expo Center and showcase our planned displays and reunions that will join you on the Fun Field. I promise; it will be worth a return trip to the fairgrounds!

I hope to see you next month as the CMAF and our friends at York County Corvette Club host the first-ever Corvettes for Chip event in conjunction with the 2021 GM Nationals. Let's raise awareness of this dreaded disease...together!

For more information, pricing or questions, please feel free to contact us at jodim@carlisleevents.com or by visiting us at carlisleevents.com. Click the link below to register your Corvette for the all-new Corvettes for Chip, 2021!

As my father would say, Life is Good!

Thank You,
Lance Miller

Subject: 2021 Corvette Charity Raffle

Needless to say, like most things, we were unable to conduct a raffle for charity last year due to COVID19, which had a negative impact on our clubs charitable activities. That was then and this is now. Once again, the Lancaster County Corvette Club in conjunction with Carlisle Events is conducting a Corvette raffle with 100% of the proceeds being evenly split between the Chip Miller Amyloidosis Foundation and the Clare House. I am asking for and need your support.

The car is a 2021 Artic White Coupe, Black Interior, 495 hp engine, automatic transmission, and LT2 equipment group as per the attached flyer.

As in prior years, we will use the successful formula as we have in the past. We will only sell 1000 tickets at \$125.00 each, with the tickets numbered between 000 and 999. The winner will be determined by the Pennsylvania Daily Lottery (Pick Three) on Saturday, August 28, 2021 using the 7:00 PM drawing. The number drawn on the lottery will be the winning number. By using the PA Lottery number, which is drawn live on television, we are assured of an absolute tamperproof process. The odds of winning are great, on a great vehicle, while helping needy and worthwhile charities. Only \$125.00 for a chance to win a brand-new Corvette with 100 percent of the profit going to the charities. And you do not need to be present to win.

I would really appreciate your support. If you will mail a check for one or more tickets made payable to Lancaster County Corvette club (LCCC) and marked charity raffle, I will randomly select a ticket(s) and return the ticket to you. **Note: Be sure to include your current phone number.** My address is shown above or use the address on the attached flyer.

If you have any questions, just give me a call, and thanks in advance for your support. "Good Luck".

Very Best Regards,
Clyde and Sue
