AMERICAN LEGION DOUG WILSON SCENIC MEMORIAL RIDE

JUNE 26, 2022

by Andy Guzman & Denise Duncan

On the morning of June 26, 2022, eleven corvettes and one muscle car were knocking on heaven's door to celebrate the life of Northern Virginia Corvette Club (NVCC) member Doug Wilson's induction into the Celestial Corvette Club (CCC). We had the participation of 10 NVCC members, one soon-to-be NVCC member, and an American Legion member (considering joining NVCC). As you can see, this was a family affair.

After an awesome breakfast prepared by Radleigh Smith, Doug's successor at the American Legion Post 177, Fairfax, VA (point of take-off), we flew on the wings of angels to the American Legion Post 77, Strasburg, VA - our second destination.

There, we had lunch at the majestic Box Office Brewery. Once we refueled our bodies, with a variety of out-of-this-world delicacies and nectar-of-the-gods, we drove on a scenic county mountain road to the American Legion Post 21, Winchester, VA.

Along the way, heaven opened its flood gates and washed our vehicles. The car wash was followed by cool radiant sunrays that dried the Vettes before we reached the American Legion Post 21 - our final destination.

The American Legion (Motorcycle) Riders Post 21, Ray Ritter, prepared a finger-lickin' pulled pork and coleslaw meal that was washed down with exotic beverages. We had a toast in Doug's honor before departing. We know Doug, his family and members of the American Legion appreciated NVCC sponsoring the memorial ride. Special thanks to Denise Duncan (my fiancé) for coordinating with the following American Legion Commanders: Jeff White Post 177, Chris Payne Post 77, and Nelson Ritter Post 21.

Kudos to Dick Hammaker for showing up super early to welcome us all and to Jim McKay & Gene and Angie Kneibert for accepting our request of becoming our backups in leading the first leg of the ride from Fairfax to Strasburg when Denise and I had to depart Post 177 (shortly before our 10am departure time) in order to attend our Pastor's Farewell activity in Winchester, VA. We thank God for making it possible for us to lead the second leg of the ride from Strasburg to Winchester. Finally, a special thanks to all who attended and honored the memory of Doug. To those who missed it, we look forward to having you riding with us next year.

PLEASE MARK YOUR CALENDAR: For next year, we plan on promoting the event as an NVCC & American Legion (Motorcycle) Riders Cruise. We contemplate on hosting the cruise on Saturday June 17, 2023. Stay tuned for details of next year's improved Ride. It's going to be spectacular. **Come for the ride! Stay for the camaraderie!**

Our event for the Horizon Day Camp was different than what we normally do for our winery, lunch runs, track days and everything else. All of us who attended would much rather have been doing something else because of the idea that maybe the day camp would not be needed. Its sole purpose is to help kids with cancer have a day outside of thinking of what they face all the time. But, since there is nothing that any of the members can do to change the fact of why the camp exists, our club's goal was simply to bring the cars over to the facility to help brighten the day for the kids. And it worked, not only for the kids but for all of the members who arrived! I was hoping to get five cars to show up as I knew that it would be difficult for a Friday afternoon event. So, when we ended up with ten cars, I was elated.

Our pre-event meeting allowed us to get the cars lined up. It's always interesting to see the mix of cars that span 69 years of Corvette production. Erica Jacks showed up with her new C8 while Joe and Beverly Stoltz had their magnificent 1961 that always gets attention. Andy Bradick brought his yellow C4 which was a key color for the "yellow and red team competition" at the day camp. Ray & Lydia Jechorek's C7 and Shoemaker's C6 along with the Stolz red with white cove '61 finished the "RED team reps" while Dave Best had his monster Blue C7 700 HP Z06 to rev for the kids... and the staff who appreciated the arrival and effort of NVCC.

MARCIA SHEEHAN OF HORIZON

JEFF, DIRECTOR OF JCC

While all other events are fun, I truly appreciate everyone who did this one for the kids. Others wanted to help but reality of a schedule for work, etc., made it tough as always for a weekday event. But a major benefit of this Club is the diversity that it has with backgrounds and schedules. The idea of TEN CARS was amazing. Marcia Sheehan, our Horizon Day Camp contact, was blown away at that number. ALL of the staff was appreciative. The Horizon director made sure to leave his office to stop by to say hello and THANK YOU to NVCC. Once again, I will simply say THANK YOU to all the members who donated for the Walk-a-thon which led to the idea of us doing this event. Many thanks to Carol Caporossi, Karen Shoemaker and Doreen Kinashi for their work putting together goodie bags for the kids. With a check to Horizon at the event representing two other members donations, we gave Horizon over \$850. Our events are fun but when we do ones like this, it becomes very special. To paraphrase: "we came for the cars; we stay for the friends ... and we do what we can to recognize and help others." But, when we do things to help others ... as we did Friday ... We ended the day with a "huge return on time invested." Just another benefit of being with NVCC...

THANKS Guys!! — Bob Devery

Our annual trip to Barrel Oak Winery, and as usual, Barrel Oak came thru with a complementary tasting. We started out early as I have been reminded lol. We went the speed limit all the way to the winery. Cruised through Aldie into beautiful Middleburg, out the twisty plains road in thru Marshall. Pizza, Oysters and wine a plenty and delicious. Look forward to seeing everyone next year. Thanks to all who came.

“Happy 4th, God Bless America, rev the engine, make it go vroom, vroom” and a cheeky 10 year old who yelled “hey mister, can I have your car” were the sounds heard from the hundreds of spectators as we drove along King Street in the Leesburg Independence Day Parade.

A total of 26 Vettes from NVCC, ODCC and Vettes for Vets cruised the 1.4-mile route from Ida Lee Park to Catoctin Circle, along with bicy-

clists, a World War II jeep, an antique fire truck, several modern firetrucks and first responders, several floats, politicians campaigning (one of which

sat on the back of a C1 convertible), and several other groups. Many of us decorated our cars with flags and red, white, and blue decorations.

Sadly, none of us won the prize for “best decorated vehicle”, maybe next year. Following the parade, several of us

cruised to Monks in Purcelville for really good BBQ, custard corn bread (the best), and socializing with new and old (established) members. Everyone had a good time, and we look forward to participating in next year’s parade.

Subject: Free C-6, C-7 and C-8 Exhaust Systems

June 2, 2022

I have again made contact regarding having free exhaust systems (CAT back) installed on C-6, C-7 and C-8 Corvettes at Corvettes at Carlisle. At this time, I do not have complete details, but have been told there will be between eight and ten systems installed.

The deal is simple: You would need to take your Corvette to Corvettes at Carlisle on Wednesday, August 24, 2022 after lunch to have the system installed. Then on Thursday, Friday, and Saturday you would need to have the vehicle at Carlisle from 8:30 AM until 5:00 PM. You can either drive back and forth each day, or just leave it at Carlisle, which would be my recommendation as it will be parked under a large tent. Your vehicle will not be driven but will be started so prospective customers can hear the exhaust sound. I was told that systems to be installed will be from Billy Boat, Borla, Corsa, and Magnaflow and possibility one other manufacturer.

I will not have complete details until early August on the model mix, number of vehicles, or the number of systems from each manufacturer.

Whoever gets a system will be on a first come, first served basis. If you are interested, let me know ASAP. **I must know: Year, Coupe or Convertible, Base, Grand Sport, Z-06 or ZR-1, Manual or Automatic.** This is a great deal as you will be receiving an exhaust system installed that will have a value in excess of \$1,500.00 at no cost to you.

If you have any questions, or to put your name on the list, send your home and cell numbers plus your e-mail address to me at mooneyvette1966@aol.com or just give me a call at 717-371-8964.

NVCC 2022 Calendar of Upcoming Events
Need volunteers for Co-chairs and new Event Chairs

Message from your Vice-President, Jim McKay - Our first NVCC Council meeting was very productive. One of the outcomes of our intense two-hour in-depth meeting is the 2022 Event Calendar that appears below. Consistent with my theme of investing in a quality Corvette experience, we have adopted a new event protocol. Going forward, Event Committee Chairs will be responsible for event budget planning, providing for all logistics including hotels, scheduling sub-events (dinners/lunches, etc.), obtaining and sharing attendee contact information, and onsite coordination. For more complex and fast-moving events like Corvettes at Ocean City, this will help all attendees stay in touch, be aware of preplanned and impromptu on-site meetups and eliminate uncertainty so you can experience maximum entertainment and social interaction. Event Committee Chairs, whether permanent (see Bylaws) or temporary will be expected to attend Council meetings as needed and especially as events draw near.

If you are interested in the events listed, please reach out to the Event Chairs and let them know. Most importantly, we need volunteer Co-Chairs and member involvement in planning more complex events like the annual car show. Finally, if you are interested in adding and chairing an event not already listed, please let me know.

One of my greatest joys over the past year has been to see and interact with so many new members...many of whom, have been very active in planning upcoming events...every time I attend an event planning meeting, I see new faces. This energy is contagious!

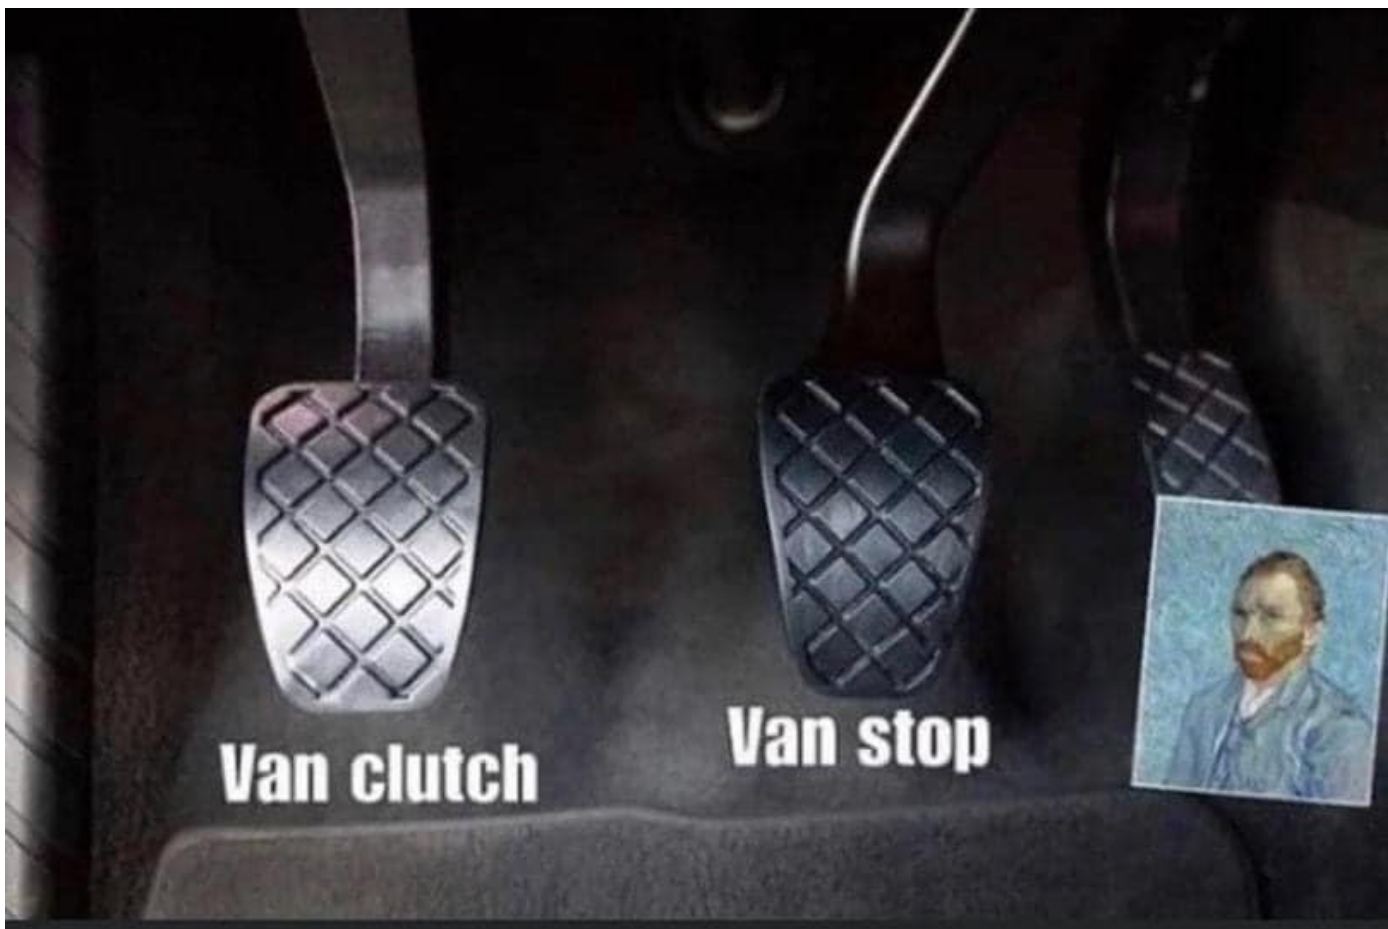

This is one of the principal ways that new members can get to know the club's "old timers" and other new members. Our winning formula is [Involvement + Event = Fun!!]. This is in keeping with our motto:

"We came for the cars, we stayed for the people"

THE PRESIDENT'S CORNER—JULY 2022

Based on almost 70 years of success, with perhaps the 8th generation garnering the most accolades, the Corvette's popularity certainly ranks high in America's passion for the automobile. That passion is why our Club, along with the thousands of other Corvette Clubs, exists! It's just downright fun to own a Corvette. And that fun factor only increases when sharing it with other like-minded Corvette enthusiasts and car lovers. We can't help it – it's just who we are and it's also fun to be a part of the Corvette history.

Corvette's popularity, and the uniqueness of Corvette Clubs, is really becoming evident by some of the requests we've received the last 3 or so years to brighten someone's day. In 2020, a friend of the family asked us to do a drive-by celebration for Ben, a 9-year-old boy, who was recovering from a heart transplant operation. Last year we were contacted by the Aarondale Independent Living, Assisted Living & Memory Care Community to put on a Father's Day car show for the residents. I also recall doing a drive-by for a college graduate?

This year we had the honor of surprising the Horizon Day Camp for children battling cancer with a fun Friday afternoon experience. Bob Devery goes into more detail in his article. I just want to acknowledge the efforts of all who were able to participate at the Horizon Day Camp and the other special events over the past few years. Nothing like mixing the fun of being Corvette owners with some altruism now and then. It turns fun into joy!

Don't forget our next major is Carlisle, a one-of-a-kind Corvette experience and the biggest national Corvette event of the year. If registration is closed, you can register on site as well. The Club will again this year have our own tent – actually 2. Thanks to our VP's initiative, NVCC's block on the Fun Field is taking shape! Hope to see you there. Also, if you haven't heard or seen the flyer yet, our Anita's Burritos drive-in brunch GBM will be in August. We'll set up the tents, plug in the PA system and enjoy some great Mexican cuisine while talking about the business of enjoying our Corvettes!

NATIONAL CORVETTE MUSEUM

By: NCM Master Ambassador Dick Hammaker

NCM—MSP

NCM's MSP (Motorsport Park) has old and new driving experiences, something for everyone to fit your driving skill level. For more detailed information and to sign up go to: motorsportspark.com

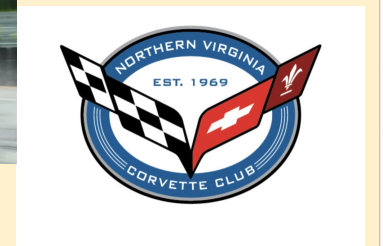

C7 CORVETTE TOURING LAPS

If you've ever been on West Virginia's back roads with George Durk, you don't need to do the C7 Touring Laps unless you don't drive a C7. If that's the case, test out the performance of the 7th Generation of America's sports car on their 3.2-mile racetrack in a lead/follow format for 4 laps.

C8 CORVETTE TOURING LAPS

The same goes for the C8 laps. Kris & Joanna McCandless and I first drove the C8 at this event...it was a blast and our first time behind the wheel of a C8. This event is the same format on track in a lead/follow format for 4 laps.

CORVETTE BUNDLE

The NCM Motorsports Park introduces a new experience...the Corvette Bundle! This showcases the performance capabilities of both the C7 and C8 Corvettes. You'll have the opportunity get behind the wheel of both cars for four laps each on the 3.2-mile, 23 turn track, in the lead/follow format.

CAMARO TOURING LAPS

Another new track option is the new Camaro SS with the 1LE Track Performance Package and 455hp V8. If you've ever wondered how the Camaro SS 1LE compares to America's Sports Car, this is your opportunity. Yes, once again in the lead/follow format.

GM BUNDLE

This bundle showcases the performance capabilities of all three GM sports cars; the C7 and C8 Corvettes along with the Camaro SS 1LE! Get behind the wheel of all three cars for four laps each for a total of TWELVE laps!!

C8 DRIVING EXPERIENCE

Talk about a fun Father/Son Corvette Road Trip to MSP for this event. My son Paul & I enjoyed the classroom and track time in the C8 Stingray, what an amazing Supercar. Ask Rob Yevoli, George Durk, Michael Moore, or Rustom Desai about how much they enjoyed attending this course. To top it off, the C8 Corvette Experience also includes lunch and a tour of the National Corvette Museum.

XTREME EXPERIENCE

MSP has it's own fleet of exotic cars at the racetrack....Ferraris, Lamborghinis, Porsches and more! No experience necessary. MSP Professional Instructors will teach you how to drive the racing line, as you cross 'Drive a Supercar' (other than a C8) off of your bucket list!

10/10THS MOTORSPORTS

This track event was conceived out of pure passion for the sport and MSP has implemented that passion into every aspect of their operation. Drivers of all skill levels, from the 1st timer to the experienced racer are welcome. 10/10ths runs only 3 run groups giving you full 1/2 hour sessions with each group getting 5 sessions. This is why you come out and drive rather than sitting in the paddock.

THE ANDY PILGRIM DRIVING EXPERIENCE

Spend a day with Corvette Hall of Fame Inductee and Pro Racer, Andy Pilgrim! This 1-day program has been hand crafted by Andy and includes autocross runs and laps on race track driving the C8 Corvette with 1-on-1 feedback from the Pro himself.

The day begins with breakfast in the Holley Control Tower alongside Andy Pilgrim. Next, Drivers get a feel for the C8 on timed autocross runs on a course designed by Andy that will challenge both the driver and the Corvette. Then a brief break for lunch before heading out on the 3.2-mile road course to receive 1-on-1 feedback between each of three 20-minute lead/follow sessions totaling over an hour on track.

Class participants will join Andy for a dinner and reception. There, you'll hear highlights and stories from Andy's 37-year (and counting) racing career.

Oh, and did I mention the ARRIVE & DRIVE KARTING at the Kartplex?

As far as I'm concerned, I'm still a novice at MSP after many laps in the C7 and C8 as well as the Kartplex. My bucket list includes the Andy Pilgrim Experience so more fun is in my future at the NCM Motorsport Park.

Corvette Weekend participants,

Our planning committee has been informed by the Ocean City Special Events Planner that given the severe weather during this year's SpringFest, they are working with their vendor to reinforce the tents they will use during SunFest in October. Even though we have not yet been provided with new diagrams, we're anticipating a further reduction in the usable inlet footprint for our event.

As of now, our plan is to open registration July 1st but with lower limits on registration, shows and rallyes. Once we receive the final inlet layout and Fire Marshall's regulations from Ocean City we will reassess and update as appropriate.

As of now, the plan for the 2022 Corvette Weekend includes:

- 500 Car limit for the Boardwalk Parade
- 225 Car limit for the Fun Shows
- 100 Car limit for the Rallyes
- 150 Dinner limit for Saturday Evening
- Unlimited participation in the Saturday Evening Award Show

The block of rooms for the weekend at our host hotel, [Clarion Resort Fontainebleau](#) are available for booking. Make your reservation early by calling the hotel directly at 800-638-2100 and mention you're attending Free State Corvette Club's Corvette Weekend.

Our planning committees are diligently working the weekend details. Keep an eye out for our monthly Corvette Weekend newsletter, Facebook pages or Corvette Weekend web site for updates. Stay tuned.
