NVCC held its Second Annual Corvette show at Pohanka Chevrolet, our sponsoring dealership, with a hardworking committee for another great success. For at least the past nine years of putting on these Corvette Only shows, we continue building on the successes and failures of prior years. We now know what is needed and we are so thankful to have the tremendous support of Pohanka Chevrolet to make these last two shows, 2022 and 2023, so successful!

The day started as overcast with the threat of rain during setup, but that did not hinder any of the members and Pohanka staff from setting up the registration tents, tables, and speakers, nor did it slow the early attendees from rolling in from Maryland and West Virginia. John M, Paul F, Dick H, TJ, and Kris M parked the cars after initial check-in with Carol C, Lauri S, Rob S, with Bob S managing all the photography, including shots of every car entering. We had at least 95% of the cars parked by 0930 (9:30 am).

The Stats: 118 cars pre-registered, 34 cars registered at the show, there were 9 no-shows, for a total of 142 cars on the lot at one time. More than \$1,200 was raised for 50/50, won by a non-club member, with \$600+ and a check cut to Western Fairfax Christian Ministries Food Bank for \$4,500 from the car show proceeds.

NVCC's Joe Stoltz won Best in Show for his 1961 convertible, and NVCC's Greg Sowers won Raced Prepared for his C8 (above)

Many thanks to all on the car show committee and for those that helped setup and tear-down. As shown, the day turned out to be spectacular with low humidity. Thanks again to Pohanka and Rob Ferris for supplying two tents, all of the t-shirts, for moving all their cars, and for the continued support of the Northern Virginia Corvette Club.

The Horizon Day Camp walk is over and a great success. Thanks to the 20+ club members who made pledges to support the Walkathon in which Carol and I represented NVCC. Your generosity will add \$1,400 to the Club efforts to help kids enjoy a summer break from life with cancer. Of course, I'll take any late donations! Will be adding money pledged by my local Optimist Club.

Hopefully, we can bring the cars to Horizon again this summer. I'm looking to have more members with us next year despite the "grueling one mile walk"!! Jokes aside, our efforts were at 5% of the money collected so, again, THANKS !... Bob and Carol Devery

(Horizon Day Camp is one of NVCC's charities for 2023.)

DERBY DAY at the DEVERY'S (2023) by Bob Devery

Last year was a quiet Derby Day as we canceled the event due the loss of our magnificent Ben the Dog just a couple of weeks before. So, this year, we were very grateful to have almost 40 of you at the house to enjoy the festivities. Glad that some elected to dress to impress, though I missed those shots.

Regardless, the funniest part of the event was when Rob the Bookie gave me my race numbers. I promptly gave them to a high school couple who were getting ready for graduation. Fiona had never been to a horse race so was excited to watch it with us. As the pack made the final turn, her horse accelerated with Corvette-like power and overtook the lesser horse...and finished first!! I was glad that I didn't win the race at my house and delighted to see her pocket the money to help with their prom night. A lot of fun so thanks to all who shared their excellent food and camaraderie and enjoyed the Kentucky Mules and Devery's own Jambalaya!!

THE GREENBRIER CONCOURS, MAY 6 & 7, 2023

BY: CASSIDY AND AMANDA NOLEN

The Greenbrier is a top-notch resort, situated on 500 acres in beautiful White Sulphur Springs, West Virginia. It is about a 4-hour drive from Washington DC and is quite scenic the last hour or so. The annual Concours is a Pebble Beach-quality show in our own backyard, complete with period correct attire, fanfare and class. This year was a special tribute to the Packard and there were plenty of pre-war era cars in full trim on the front lawn.

The Corvette was well represented, with each generation present except one. It isn't often there are more C1's than C7's at a show! Possibly next year some club members could help balance those scales. Saturday events include live music, an open concours for all cars and a fund-raising banquet for Children of First Responders. This year the Kentucky Derby aligned with the banquet timing, so attendees were encouraged to wear their hats and derby garb as well.

This was my first year attending but it won't be my last. The rooms at the Greenbrier are stunning, but there are several bed and breakfasts within a morning commute and quick car detail. Golf, spa, underground bunker tours, carriage rides, swimming, shopping, and dining are all on deck when you attend so there is truly something for everyone. My wife Amanda and I attended but I worked the event as a brand ambassador (not for Corvette, although I would be happy to!) and gave test rides all weekend. We look forward to going back as guests and relaxing on the beautiful grounds of the resort.

Their website is <https://www.greenbrier.com/> and the 2024 event is scheduled for May 4 and 5. The 4th is open to all car show participants but the 5th requires prequalification and application (vehicles must be 30 years or older and they select based on ties to the facility, a specific make, condition, awards, etc.). Hope to see you next year!

It's time to update everyone on our NVCC Hotel Room Block for the 2023 Corvettes at Carlisle. As of today, we have 23 separate reservations with seven on the Wednesday night, fifteen on Thursday, twenty-three on Friday and nineteen on Saturday nights. That's a great early response and we should be getting a lot more in the next three months when our block expires. It should be a great weekend with our NVCC friends. If you haven't already reserved, please do it ASAP.

Those who stayed with the NVCC group last year had high compliments for the Fairfield Inn in Mechanicsburg and requested we book there again. It's a beautiful, country road ride to/from the Fairgrounds and is only three years old with very comfortable, dry rooms. The staff is very friendly towards our group, offering us a small party room to gather in the evenings and even a two-night stay which was raffled off at the NVCC Annual Banquet to one lucky couple!

Our nightly rate is \$159 plus tax for a double queen or king room with a generous cancellation policy of 48 hours prior to your arrival date. Reservations are available for the Wednesday through Saturday nights (August 23-27) at the following link:

<https://www.marriott.com/events/start.mi?id=1667227741246&key=GRP>

With the cancellation policy, it is best to reserve soon if you expect to attend - and cancel, if necessary. As usual, we will plan a Friday night group dinner and possibly others. (Friday night looks like we'll have at least 40 people at the nearby diner.)

I hope that Corvettes at Carlisle 2023 will be better than ever!

Please contact me if you have any questions.

NVCC 2023 Calendar of Events

Need volunteers for Co-chairs and new Event Chairs

Message from your Vice-President, Jim McKay - Our first NVCC Council meeting of the year was very productive. One of the outcomes of our in-depth meeting is the 2023 Event Calendar that appears below. Consistent with my theme of "Investing in a Quality Corvette Experience," we have an event protocol. Event Committee Chairs are responsible for event budget planning, providing for all logistics including hotels, scheduling sub-events (dinners/lunches, etc.), obtaining and sharing attendee contact information, and onsite coordination. For more complex and fast-moving events like Corvettes at Carlisle, this will help all attendees stay in touch, be aware of preplanned and impromptu on-site meetups and eliminate uncertainty so you can experience maximum entertainment and social interaction. Event Committee Chairs, whether permanent (see Bylaws) or temporary will be expected to attend Council meetings as needed and especially as events draw near.

If you are interested in the events listed, please reach out to the Event Chairs and let them know. Most importantly, we need volunteer Co-Chairs and member involvement in planning more complex events like the annual car show. Finally, if you are interested in adding and chairing an event not already listed, please let me know.

One of my greatest joys over the past year has been to see and interact with so many new members...many of whom, have been very active in planning upcoming events...every time I attend an event planning meeting, I see new faces. This energy is contagious!

This is one of the principal ways that new members can get to know the club's "old timers" and other new members. Our winning formula is [Involvement + Event = Fun!!]. This is in keeping with our motto:

"We came for the cars, we stayed for the people"

FATHERS DAY CAR SHOW at AARONDALE in SPRINGFIELD, VA

SATURDAY, JUNE 17, 2023

By: MARK DIRECTOR

A big thank you to NVCC members for joining me today at the Aarondale Independent Living / Assisted Living / Memory Care Community in Springfield, and a big thank you to Diana Povolutskaya, our "hostess" at Aarondale for making us feel very welcome and providing the coffee, donuts and a delicious, catered lunch. We had great weather and I know I enjoyed seeing all the beautiful cars as well as the happiness of the Aarondale residents that came out to look at our "babies". As someone whose wife resides in a memory care facility, I know that for these senior residents seeing the cars of their youth as well as their newer relatives brings back many great memories. The folks we spoke to were very appreciative. Also, a very big thank you to those owners that allowed residents to sit in their cars. We met at Backlick Plaza and cruised a short distance to the show in a line from oldest to youngest: From 1956 to 2016.

Our Rides vs. Aarondale Resident's "Rides"

CARS AND CANNOLIS

Paul Caporossi

We held our first official Cars & Cannolis Cruise-In on Sunday morning May 21st. It was a big success, exceeding our expectations for an initial cruise-in. The event came together without a hitch, all the planning paid off. There was good attendance and plenty of spectators. No complaints from stores or shoppers in the shopping center; that's always a good thing!

We were watching the weather closely all week; our first planned Cars & Cannolis event had rained out just a few weeks before. We planned for two Spring events and another two Fall events. One rain out was disappointing enough, a second would have wiped out the entire Spring season. Luck held out and we had great weather.

Cars & Cannolis is in the Sully Place Shopping Center on Route 50 in Chantilly. It's a cooperative event between NVCC and Buon Appetito Pizza, owned by Antonio Merone. I've known Antonio for 25 years; since he came to this country and opened his pizza shop. We've been wanting to organize a social activity for some time, and we finally got our chance by getting this event off the ground.

Our goal was for a casual and laid-back cruise-in; come and leave whenever you want, and park anywhere. No reliance on traffic cones, roped off areas, or parking crews. We exceeded expectations with just over 100 cars showing up for our first event.

What a great collection of cars: all makes and models, new and old, exotics, and of course, Corvettes. A fair share of Porsches showed up, along with Ferraris, Maseratis, Miatas, and various other custom cars and trucks. We even had a few motorcycles show up. A group of C2 Corvettes lined up and made a great photo-op. There were also Mustangs, both old and new (I know Mustangs). But there was a beautiful 1966 Mustang convertible in black, a really nice car.

My personal favorites are the survivor cars, and a few cruised-in. These included: 1968 Chevy C10 (with a '69 grill, I notice these things!); all original 1957 Chevy Belair, it even had ancient cigarette burns in the upholstery, now that's a true classic; a 1964 GTO with a three-deuce 389; and a 1964 Ford Galaxy 500 convertible with a wonderful rust patina. A little rust is a good thing, gives a car character (just look at my truck).

Did you know that NVCC is now in the music entertainment business. We set up our own DJ speakers and provided music for the event. We cater to the Boomer and Gen-X crowd (real music). Sorry, Gen-Z, put your ear buds in. We work cheap, just feed us.

We had a guest DJ too; Doreen commanded the microphone and did a great job. I think she also likes being an announcer. Thanks Doreen.

NVCC had a 50/50 raffle and we donated \$200 to Willing Warriors; one of the club's two charities.

Around 10:30, Antonio's famous cannolis started to roll out. They were rounded off with pizza. The pizza and cannolis didn't last long. If you haven't tried Buon Appetito, you're missing out on great food. Please try it out, and when you do, tell them you're from the Corvette Club. His entire menu is great, and he hasn't changed Mama Merone's original recipes. Unfortunately, Mama Merone wasn't there, maybe next show.

A thank you to Rob and Cathy Succolosky, Dave and Lesley Koluder, and Doreen Kinashi for helping setup, and organize the event. And a special thanks to Carol for all that she does for the club (putting up with me).

Mark your calendars and save the dates; you don't want to miss the Fall Cruise-Ins. It's a great opportunity to just hang out, eat and have fun. We have two more events planned for this year: A Back-to-School themed Cars & Cannolis on September 10th, and A Halloween themed Cars & Cannolis on October 29th.

Like the Spring events, these are also on Sunday mornings at 9:00am in the Sully Place Shopping Center.

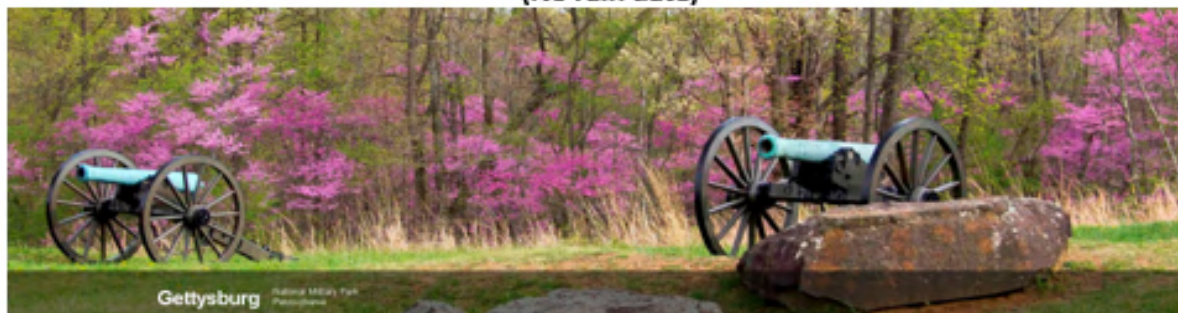

Hope to see you there.

Northern Virginia Corvette Club Hagerstown - Gettysburg Cruise July 8, 2023 (No rain date)

You are invited to join us on a cruise to historic Gettysburg – a fun trip that will include some scenic backroads before we arrive at our final destination. Expect about a 1-1/2-hour drive. This is an event that is led by an unaffiliated group of Hagerstown Corvette enthusiasts. Al Stitt will lead NVCC’s participation.

We will meet in the parking lot in front of Wolf Furniture at the Premium Outlets in Hagerstown at 9:00 on the 8th. The outlets are located off of Exit 29 from I-70. And there is an Exxon gas station nearby in case anyone wants to top-off their tanks. NVCC participants will sign our insurance form.

Once everyone has arrived, details about the exact route will be discussed at a pre-cruise briefing.

There will be stops along the way for restroom breaks and picture taking.

We will have lunch at the Appalachian Brewing Company in Gettysburg.
Address: 259 Steinwehr Ave. Gettysburg, Pa

THE PRESIDENT'S CORNER—JUNE 2023

Two years in a row!

Yes, June 4 was a nice weather day which equaled another great turnout of 148 participants and thus equaled a successful Chantilly Corvette Show earning \$4,500 for the Fairfax Food Pantry. Nothing like a morning enjoying the camaraderie of owning a Corvette while helping to contribute to a good community cause.

A special thanks to Rob Ferris and the Pohanka Chevrolet staff for lending us their front lot and sponsoring the event. Sponsoring also equals cost, and we are very appreciative of Pohanka's support. How about those artistically designed high quality cotton tees? Thank-you Pohanka Chevrolet!

Of course, pulling off an event of this magnitude could not happen without someone in the driver seat and that honor goes to Paul and Carol Caporossi. Between the annual Corvette Show and the Cars and Cannoli, Paul and Carol are fast becoming the Club's official car show gurus. Working with the Graphics Designer, ordering flyers, refrigerator magnets and entry tickets, planning meetings, promoting the event, painting and readying the club tent, supplying and hauling the DJ equipment, more planning meetings, parking strategy, traffic flow, coordinating with Pohanka – then to top it off, coffee and donuts for the set-up crew! Paul and Carol operate as smoothly as a fine-tuned LT4 sporting a Borla ATAK exhaust.

A huge acknowledgement and thank you to all the planning meeting participants and doers as well. From raffles to parking to set-up to registration to announcements to awards to food trucks to photography to membership to newsletter to treasury and end-of-show accounting and reporting. And how about our participants? The final equation to a successful Corvette Show. It all adds up to an active and growing Corvette Club steeped in the enjoyment and tradition of America's Sports Car in Northern Virginia!

Speaking of active, a special thanks to Joe Stoltz and Mark Director for heading up the NVCC contingent for the June 9 Greenspring Retirement Community and June 17 Aarondale Senior Living Community events as well.

Is it Car Show season yet?

Hope to see you at an event soon and, as always, enjoy those miles of smiles!

NATIONAL CORVETTE MUSEUM

By: NCM Master Ambassador Dick Hammaker

NCM LEADERSHIP

Your National Corvette Museum (NCM) is celebrating its 29th Anniversary from August 31st to September 2nd at Bowling Green, KY. I want to highlight the “caretakers” of the 70 year history of America’s Sports Car, The Corvette.

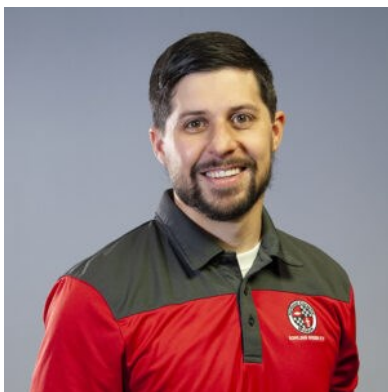

Sharon Brawner is the President & CEO of the National Corvette Museum. Brawner is responsible for the overall leadership of the National Corvette Museum and serves on the boards of the NCM Motorsports Park and the NCM Insurance Agency. Brawner joined the National Corvette Museum in 2021 after an extensive career in museum leadership and hospitality. Brawner spent just shy of two decades at the Country Music Hall of Fame and Museum, serving most recently as Senior Vice President of Sales and Marketing, supporting the museum's mission of preserving and interpreting the history of country music. Brawner initially joined the Country Music Hall of Fame and Museum in 2001 as director of new business develop-

ment. Prior to joining the Country Music Hall of Fame and Museum staff, Brawner was vice president of sales, marketing and communications for the Nashville Sounds AAA Baseball team and, before that, served as the vice president of administration for the Nashville Kats Arena Football team. Early on in her career, Brawner served 10 years in the hotel and hospitality fields within the areas of sales, marketing and corporate partnerships with the likes of Opryland Hotel, Loews Anatole Hotel, Galt House Hotel and others. Brawner is a graduate of the 2019 class of Leadership Nashville and served for 11 years as a board member of the Tennessee Tourism Committee. Brawner attended Western Kentucky University. Currently, Brawner serves on the Kentucky Travel Industry Association's Legislative Committee and Nominating Committee.

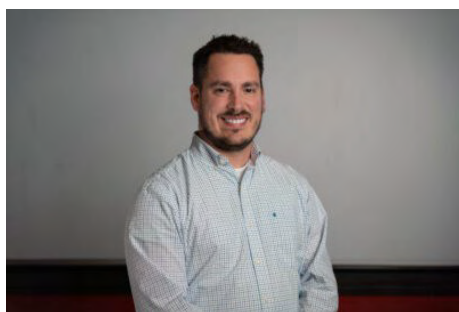

Brian Baker is the Director of Collections and Education for the National Corvette Museum as Director of Collections and Education. Baker joined the National Corvette Museum team in 2022 from the Automotive Hall of Fame where he served as Vice President of Education and Principal Historian. Baker's automotive career spans decades as a General Motors Senior Creative Design Manager and as Vice President of Design and Marketing at American Specialty Cars. With a passion for education, Baker has served as an Adjunct Professor at the Automotive History College for Creative Studies in Detroit, Michigan for over two decades. In addition to his work in corporate automotive design and education, Baker founded AUTOARCHEOLOGY, LLC, an international Design Consulting Firm, in 2009. Through this company's work, Baker has represented four major automakers as an expert witness in design patent issues. In recent years, Baker has served as an assistant producer and on-camera expert for the Discovery Channel and has worked as an automotive historian and analyst for ESPN. He also regularly serves as a writer, editor, and book developer, and he has worked on projects all over the globe including Europe, India, Japan, and South Korea. Baker holds a degree in Transportation Design from the Art Center College of Design in Pasadena, California.

Bryce Burklow is the Director of Events and Building Services of the National Corvette Museum. In this role, Bryce provides daily oversight to the facilities maintenance, building services, and events departments. Burklow provides oversight for our onsite Corvette events, Museum in Motions program, and private rental business. Burklow's responsibilities cover maintenance and upkeep of the entire National Corvette Museum campus including work orders, special projects, general maintenance, janitorial, housekeeping, groundskeeping, and building readiness services. Burklow's initial tenure at the National Corvette Museum was 2006-2010 as part of the admissions staff. He departed briefly to pursue his education and returned to the NCM in 2013 to work in our events department. Burklow has a Bachelor's Degree in Psychology from Western Kentucky University and holds an MBA from Webster University.

Ryan Eichler is the Director of Marketing and Communications for the National Corvette Museum, with oversight of brand management and marketing for the organization. Eichler joined the National Corvette Museum in May 2023 after two decades of in-house and agency marketing experience, planning and executing integrated communications programs across a variety of consumer products and services. Forever curious about the intersection of the brand objective, consumer truth, creative idea and earned media reality, Ryan has orchestrated programs, piloted teams and found creative inspiration everywhere from a mountain summit to below deck of a cruise ship. Previously, Ryan spent more than a decade at global public relations firm Weber Shandwick, where he directed earned media and integrated marketing communications efforts for the confectionary, QSR, consumer technology and automotive categories. Often literally moving at 150 miles per hour, Ryan oversaw Weber Shandwick's Motorsports Practice, building and managing a team focused on NASCAR, IndyCar and F1 activation, leveraging sanctioning body and team sponsorships for Unilever, Mobil 1, FedEx and Mars Chocolate/M&M'S. This included launching NASCAR's first "Glamground" experience at Kentucky Motor Speedway for M&M'S Racing. Ryan started his career at agencies MSL and Cramer-Krasselt, along with supporting Harley-Davidson's product communication team.

Brian Hunley is the Director of Accounting for the National Corvette Museum. Hunley joined the National Corvette Museum in January 2023 as Accounting Manager and brings more than fifteen years of accounting experience. Brian is responsible for the organization's establishment and implementation of accounting policies and procedures, accounting operations and systems, analysis and report preparation, and leading the accounting staff. Prior to joining the National Corvette Museum, Hunley served as North American Controller and CFO for Virtus Precision Tube in Franklin, Kentucky. During his career, Hunley has also worked in roles of the financial departments of some of the areas most-successful companies including Constellation, Pan-Oston, Logan Aluminum, and Cumberland Scrap Processors. Hunley began his career with Fruit of the Loom in Bowling Green, starting as a staff accountant upon graduation. Hunley holds a Bachelors of Science in Accounting from Western Kentucky University.

Mandi Thomas serves as Director of Human Resources & Business Operations for the National Corvette Museum. Thomas is responsible for leading the human resources, safety and security, and IT departments for the overarching organization which provides shared services to National Corvette Museum, the NCM Motorsports Park, and the National Corvette Museum Insurance Agency. Thomas maintains HR across the organization, informing all decisions and policies regarding company structure, compensation and benefits, talent management, and regulatory compliance. Before joining the National Corvette Museum, Thomas served for over a decade as the Human Resources Manager for Connected Nation, a national non-profit technology organization with multiple subsidiaries throughout the U.S. in both the non-profit and for-profit sector. Thomas has also served in finance and human resources roles at Camping World Holdings, Inc. Thomas holds both a Bachelor's degree and MBA in Human Resources Management from Western Kentucky University and an HR certification through the Society of Human Resources Management (SHRM).

Stephanie Morrill serves as Director of Sales and Guest Operations for the National Corvette Museum. Morrill is responsible for leading both earned and contributed revenue teams for the museum. With more than 25 years of experience working with the National Corvette Museum, Morrill began membership program efforts and has helped develop and grow several important revenue-driven initiatives. Prior to her joining the National Corvette Museum, Morrill managed membership recruitment for a national Corvette organization and was involved with all aspects of the family dirt oval track businesses. Morrill holds a Bachelor of Science in Business Education with an emphasis in administration from Western Kentucky University and is an active member of the American Alliance of Museums, Kentucky Tourism Industry Association, American Society of Association Executives, and is a Certified Tourism Ambassador.

Subject: 2023 Corvette Charity Raffle

June 5, 2023

Once again, we are doing a Corvette raffle to benefit two worthwhile and needy charity organizations. The Lancaster County Corvette Club in conjunction with Carlisle Events is conducting the raffle with 100% of the proceeds, less the cost of the vehicle, being split equally between the Chip Miller Amyloidosis Foundation and Clare House-Lancaster. As in prior years I am asking for your support.

The car is a 2023 Corvette Coupe, Torch Red, Jet Black Leather Interior, 495 hp engine, 8 speed automatic transmission with paddle shift, and the 2LT equipment group as per the attached flyer.

As we have done over the years, we will again use the very successful formula, to conduct this year's raffle and to determine the winner. We will only sell 1000 tickets at \$150.00 each with the tickets numbered between 000 and 999. The winner will be determined by the Pennsylvania Daily Lottery (Pick Three) on Saturday, August 26, 2023 using the 7:00PM drawing. The number drawn on the lottery will be the winning number. By using the PA Lottery number, which is drawn live on television, we are assured of an absolute tamperproof process. The odds of winning are great, on a great vehicle, while helping two deserving charities. Only \$150.00 for a chance to win a brand-new mid-engine Corvette with 100 percent of the profit going to the charities. And you do not need to be present to win.

I would very much appreciate your support. If you will fill out the attached form and mail along with a check payable to Lancaster County Corvette Club for one or more tickets, I will randomly select a ticket(s) and send to you. **Note: Be sure to include your correct phone number on the form.** The winner will be contacted by phone as soon as the lottery drawing is completed. My address is shown above or use the address on the flyer to place an order.

If you have any questions, just give me a call, and thanks in advance for your support.
"Good Luck"

Very Best Regards,

Clyde and Sue
